# INTRODUCTION

---

**MetaSpeedClub is a car game inspired by a love of all things fast, loud and death-defying. It is an Avalanche on-chain game in which you purchase an MSC Car NFT and stake them.**

**We chose the Avalanche chain for the game due to the relatively low gas fees and the ability to mint and trade MSC Cars for any wallet size.**

**Non-Fungible Tokens (NFTs) have gained tremendous popularity among the crypto community since the beginning of 2021, reaching \$13 billion in sales by October 2021.**

**These can be staked at any time on the MSC racetrack to earn \$FUEL**

**There are 6,000 Silver NFT Cars available to mint for \$FUEL**

**These can be staked at any time on the MSC racetrack to earn \$FUEL**

**There are 1,500 Gold NFT Cars available to mint for \$FUEL**
